

# VALENTINE'S DAY 2019

Legend has it that St. Valentine was a priest who served during the third century in Rome. Claudius II, The Emperor at the time, decided that single men made better soldiers than those with wives and families so he outlawed marriage for young men. Valentine realizing the injustice continued to perform marriages in secret. When Claudius discovered Valentine's actions, he ordered that he be put to death. While in jail awaiting his doom, it is said that Valentine fell in love with a young girl who was his jailor's daughter and would visit him during his confinement. Before his death, it is alleged that he wrote her a letter which he signed "From your Valentine", an expression that we all still use today.
